## *TOURISM TRAILS 2018*

The Gozo Tourism Association since its inception way back in 1999 always held high on its agenda the human resources within the Gozitan Tourism Industry. Along the years the GTA has taken numerous initiatives with the specific aim to entice youngsters pursue a career in Tourism within the Gozitan tourism establishments.

One such initiative was the tourism trails which is held annually with the full support of the Malta Tourism Authority and the consistent collaboration of all the Gozitan Secondary Schools. It was way back in 2008 that the Gozo Tourism Association joined forces with the Malta Tourism Authority and with the full co operation of the aforementioned schools started this experience, which the tourism trade deems so important.

Thus this year's edition was the tenth tourism trails organised by the Association. Basically this event is an opportunity for the Gozitan schools' students to follow a full day trail that takes them around several tourism establishments as well as places of interest that are generally frequented by tourists.

This year's edition was held in two parts, one between the 24th and the 26th April 2018 and another one between the 16th and 17th May 2018 both days included. In all 267 Year 9 (Form 3) students participated in the 6 trails which the GTA organised and co ordinated. The places visited during these trails included the following: Cittadella Interpretation Centre, The Cittadella Museums, Ggantija Temples, Dwejra Interpretation Centre, Dwejra Watch Tower, ITS Campus in Qala and boat trips through the Dwerja Inland Sea.

Furthermore these students visited the following Gozitan tourism Establishments: Cornucopia Hotel, Grand Hotel, Quaint Boutique Hotels, Casa Gemelli, St Andrews Divers Cove, Nautic Team Dive Centre, Ta Frenc Restaurant, Country Terrace Restaurant, Magro Food Village and Alda's Gozo Weaving.

These trails were all accompanied by school teachers and were guided by professional MTA approved guides. The Gozo Tourism Association would like to thank the Gozo College Secondary School, the Bishops Conservatory Secondary School and the Sacred Heart Seminary School for their full support and co—operation in realising once more these trails. The Association would also like to thank the sixteen Gozitan tourism establishments who accepted our invitation to show around and explain their respective roles to the visiting students.

These trails are an opportunity to bring together the main stakeholders (educators, students and tourism operators) in a collective synergised effort to mitigate the shortage of Gozitan youngsters pursuing a career in the Gozitan Tourism industry.

## GTA Participation at International Tourism Fairs

During the course of the past winter Gozo was represented by representatives from the Gozo Tourism Association at several important International tourism fairs. Following are the list of fairs in which Gozo Tourism Association was present:

- ◆ Fitur in Madrid 17th—21st January 2018
- ◆ Destinations Manchester 18th—21st January 2018
- ◆ Dublin Holiday World Show 26th—28th January 2018
- ◆ Destinations London Show 1st—4th February 2018

The participation of the Gozo Tourism Association in the above listed tourism fairs was possible through the collaboration with the Ministry for Gozo through its Directorate for Tourism & Economic Development and the Malta Tourism Authority, whom the latter is offering a very good space for Gozo on its main stands.

The continued participation in these events clearly indicates that Gozo's presence within the Malta Tourism Authority stand is very important for the promotion of the island, especially within the European cities, which are still our main core touristic markets. This year Gozo was again well exposed and promoted as a distinct destination yet complimentary to destination Malta. This line of promotion is giving Gozo an opportunity to promote itself within the Maltese archipelago that can offer a holiday with diversity.

## *TOURISM AREAS EXEMPT FROM EXCAVATION & DEMOLITION WORKS DURING THE SUMMER MONTHS*

Demolition and excavation will not be permitted within tourism areas during the coming three months of summer. The Malta Tourism Authority (MTA) in collaboration with the Building Regulation Office (BRO) and the Planning Authority have identified the localities and streets where such works will not be permitted between the 15th June and the 30th September 2018.

Conscious that the demolition and excavation phase at a construction site is by far the greatest inconvenience for the surrounding neighbourhood, the legal notice (LN295/07) mitigates the nuisance that such sites have on both the tourism industry and the number of Maltese families who move to their summer residences. Any illegal excavation and demolition works carried out during this period in the identified localities and streets, may be reported to the Building Regulation Office on telephone number **22927608** ( during office hours) or **99637508** ( after office hours)

The full list of localities and streets where demolition or excavation works are prohibited during the summer months may be viewed on the Planning Authority's website <http://www.pa.org.mt/summer-breaktime>.

The Malta Tourism Authority is the competent Authority to identify the localities and streets where demolition or excavation works cannot be carried out . MTA reserves the right to change or amend the list of streets as it deems necessary.

### *RAS IL-HOBZ DIVE SITE*

Following the numerous and constant complaints received during these past weeks with regards to the prevailing situation at the Ras il-Hobz diving site, the Gozo Tourism Association (GTA) requested a meeting with the Minister for Gozo to discuss this issue.

During this meeting, which was held on Thursday 26th April 2018, GTA on passed its concerns about the reputational damage that Destination Gozo is suffering due to the Ras il-Hobz issue. On its part Minister Justyne Caruana updated the GTA delegation with the concrete steps that the Ministry for Gozo has taken and will be taking in the coming weeks in order to find a permanent and long term solution at the Waste Water Treatment plant at Ras-il-Hobz.

Following this meeting the GTA has also written a letter to the Minister for Gozo Dr Justyne Caruana in which further explanation was given and documentation was additionally attached. After this update with the latest developments we feel that the Ras il-Hobz issue is in hand and it is hoped that if all goes according to plan, a long term solution should be in place in the near future.

GTA would like to thank its Secretary Mr Mark Busuttill and GTA representative of the diving sector on Gozo as well as Mr Brian Azzopardi Vice Chairman PDSA who found time in their busy schedule to attend the meeting with the Minister for Gozo and gave a detailed overview from the divers perspective.
