Re: Skills Cards Survey Results

7th December 2023

Dear GTA Member,

Please find attached the results of the online survey conducted by GTA during the past weeks, covering the Skills cards for your information.

These results are being sent to the ITS administration to be taken into consideration, when they are finalizing the consultation process of the skills card, as well as prior to the next consultation meeting being held in Gozo next Tuesday 12th December at ITS Qala Campus. A media release about these results has been published by GTA during this week.

Thanks and best regards,
