**Re: KM Malta Airlines**

**7<sup>th</sup> December 2023**

Dear GTA member,

As you are quite aware as from 31<sup>st</sup> March, 2024, a new company KM Malta Airlines will be taking over from AirMalta as the National Airline for the Maltese Islands. To this effect this newly set up company has been granted the Air Operator Certificate and the Air Operator Licence in order to start its operations.

In this regard we are attaching herewith a media release published a few days ago by KM Malta Airlines giving more information about its new operation including schedules and bookings.

Thanks and best regards
