13th February 2024

Dear Dive Shop Operator,

Please be informed that the Marketing Department of the Malta Tourism Authority (MTA) will be hosting an UW TV crew from Germany, who need to film in and around the Blue Hole in Gozo, including the area around the former Azure Window, on the 6th and 7th March 2024, between 0900 – 1500hr on both days only. This filming footage will be used as a promotional video on Diving in Gozo by MTA.

In this regard we are requesting your co-operation to refrain from practicing any diving in the Blue hole on the mentioned days and times.

Your co-operation to this end is very much appreciated.

Thanks and best regards,
